National Register Webinar: Motivational Enhancement and the Behavior Change Process Live Webinar

2:00 - 3:00 p.m.

National Register, 202-783-7663

Motivational Enhancement and the Behavior Change Process

Carlo C. DiClemente, PhD, ABPP

Wednesday, August 12, 2:00–3:00 p.m. ET

This webinar is available at no charge to National Register Health Service Psychologists, National Register Practice Academy members, and Canadian Register Health Service Psychologists. Psychology doctoral students and trainees may also attend at no charge. Non-member psychologists and other healthcare providers may register for \$35 (some State Psychological Association members and affiliates receive discounted access, please check with your Association's central office for details).

Select IPA members see e-mail for code

Motivation is not an on-off switch. Intentional behavior change involves a dynamic, multidimensional process that includes decision making, commitment, planning, behavior activation and maintaining change over time. This webinar will discuss motivation enhancement through the lens of the stages and processes of change. Enhancing motivation requires an understanding of the critical tasks involved in moving through the stages of change and learning how to activate client coping activities along the change journey. Motivational enhancement strategies and the concepts of change and sustain talk will be examined in the context of this process.

Visit the National Register website for more information about this webinar.

Title TBD

Presentation Description
Coming soon...

Learning Objectives
By completing this program, participants will able to:
1.

Presenter Bio: David Rollock, PhD
David Rollock, Ph.D. is 150th Anniversary Professor and Professor of Psychological Sciences at Purdue University, and Department Head. He also is Adjunct Associate Professor of Clinical Psychology, Department of Psychiatry, Indiana University School of Medicine. Dr. Rollock served as Director of Clinical Training for Purdue's Clinical Psychology Doctoral Program, and the Purdue Psychology Treatment and Research Clinics. He is affiliated with Purdue's African American Studies and Research Center.

Dr. Rollock earned his bachelor's degree in Psychology from Princeton University, and his masters and doctorate in Clinical/Community Psychology from Yale University. His empirical research focuses on responses of African Americans to interethnic social and police-related contact, psychological dimensions of cultural transition among people of Latinx and Asian origins, and mental health helpseeking by diverse ethnocultural groups.

Dr. Rollock has been an officer of the Council of University Directors of Clinical Psychology (CUDCP), as well as the American Orthopsychiatric Association, and the American Psychological Association's Society for the Psychological Study of Ethnic Minority Issues. An Editorial Board member of the American Journal of Orthopsychiatry, he reviews for other scholarly journals in professional psychology training and in minority mental health. Dr. Rollock has been an officer of the Indiana Association of Black Psychologists, and the Advisory Council of the Indiana Department of Mental Health.

Dr. David Rollock

Special Note to Conference Attendees
The Indiana Psychological Association (IPA) is approved by the American Psychological Association to sponsor continuing education for psychologists. The Indiana Psychological Association maintains responsibility for this program and its content.

Indiana State Psychology Board and Indiana Behavioral Health Board:

IPA is an approved provider of Category I continuing education for psychologists.
IPA is an approved provider of Category I continuing education for LSW, LCSW, LMFT, LMHC, LMFTA, LCAC and LAC.

Licenseses must judge the program's relevance to their professional practice.

Please note that APA rules require that credit be given only to those who attend the entire workshop. Those arriving more than 15 minutes after the scheduled start time or leaving early will not receive CE credits. Partial credit cannot be given.

**National Register Webinar: Addressing White Racism as Part of the Psychotherapy Process
Live Webinar**

2:00 - 3:00 p.m.

National Register, 202-783-7663

Addressing White Racism as Part of the Psychotherapy Process

David Drustrup, M.A.

As part of our partnership with the National Register of Health Service Psychologists, we are pleased to offer select Indiana Psychological Association members and affiliates discounted access to the upcoming webinar Addressing White Racism as Part of the Psychotherapy Process.

In this webinar, David Drustrup will discuss the therapeutic dilemma of how white therapists should handle racist expressions from their white clients. He will discuss ethical and therapeutic implications and will walk through a model and examples for these challenging moments.

This webinar is available at no charge to National Register Health Service Psychologists, National Register Practice Academy members, and Canadian Register Health Service Psychologists. Psychology doctoral students and trainees may also attend at no charge. Non-member psychologists and other healthcare providers may register for \$35 (some State Psychological Association members and affiliates receive discounted access, please check with your Association's central office for details).
