

## Calendar of Events

July 14, 2025  
- November 30, -0001

**7/14/2025 IPA President's Book Club - By the Time You Read This: The Space between Cheslie's Smile and Mental Illness – Her Own Story in Her Own Words**  
**Live Zoom Meeting**  
12:00 PM - 01:00 PM EST  
*IPA President's Book Club*  
*FREE event*  
*Monday, July 14th, 2025 12:00-1:00 pm ET*

*Shannon Woller, 2025 IPA President*  
*Danielle Henderson, Chair, IPA DEIJ Committee*

*There is nothing better than a good book. Well, there probably are better things out there like antibiotics and not-for-profits doing great work but I really do love a good book. Getting to hear an author's perspective and the opportunity to learn, to be challenged, and to do better as a result is the great promise of a well-written text.*

*To that end, during my time as IPA President, I'll be hosting a recurring book club for IPA members. The purpose of the book club will be to expose readers to a variety of topics germane to psychology, then come together to discuss the content of the book in a semi-structured environment. The books will always be non-fiction, and the meetings will be focused on discussion around questions derived from the text. The goal is for participants to read the book, enjoy the discussion, and come away with knowledge we can use to make ourselves better as psychologists.*

*Our next book will be *By the Time You Read This: The Space between Cheslie's Smile and Mental Illness – Her Own Story in Her Own Words* by April Simpkins and Cheslie Kryst. We will meet on Monday, 7/14/2025 from 12:00-1:00pm via Zoom. Dr. Henderson is going to co-lead with me which is very exciting. We are excited to explore this book and lead this discussion together!*

*When: 7/14/2025 12:00-1:00pm ET*

*Where: Zoom Meeting*

*- <https://us06web.zoom.us/j/82959936204?pwd=tbIERiY6tKk0abXURarLZdOhVV4DAU.1?>*

*CEs: No*

*What do you need to do to participate:*

*Read the book (*By the Time You Read This: The Space between Cheslie's Smile and Mental Illness – Her Own Story in Her Own Words* by April Simpkins and Cheslie Kryst)  
Register (free) and join us on Mon. 7/14 at noon via Zoom  
meeting: <https://us06web.zoom.us/j/82959936204?pwd=tbIERiY6tKk0abXURarLZdOhVV4DAU.1>*

*Happy reading,  
Shannon*

## **July 2025 IPA Webinar: Overview of the WAIS-5**

### **Live Webinar**

12:00 PM - 01:00 PM EST

IPA 2025 Webinar Series

1.0 Hour of Category I CE credit

Friday, July 25, 2025 at Noon

*Registrants will receive further information for participating via Zoom Webinar for the presentation.*

### **Overview of the WAIS-5**

*This presentation will provide an synopsis of the WAIS-5 including the goals for revision, description of the normative sample, and provide a brief description of the newly added special population subgroups. The presentation will also include a short explanation of the newly added subtests, ancillary indices and index changes, and a comparison of the WAIS-IV and WAIS-5.*

### **Learning Objectives**

*By completing this program, participants will able to:*

- 1. Summarize the revision goals for the WAIS-5.*
- 2. Describe the changes between the WAIS-IV and the WAIS-5.*
- 3. Identify the newly added subtests, ancillary indices, and special subgroup populations.*

### **Presenter Bio: Shannon Harris, PsyD, HSPP**

*Dr. Shannon Harris is a native Hoosier; she completed her undergraduate work in psychology at Butler University and went on to receive her PsyD from the University of Indianapolis. She left the Hoosier state for one year to complete her pre-doctoral internship with a neuropsychology emphasis at the North Texas VA in Dallas, TX, and then returned home to finish her post-doctoral fellowship in adult clinical neuropsychology at the IU School of Medicine. She now works as a clinical neuropsychologist in the department of neurology at IU, where she sees conducts outpatient dementia evaluations and pre-surgical evaluations for movement disorders and epilepsy. When she is not working, she enjoys spending time exploring Indianapolis restaurants and parks with her husband and dog.*

**Shannon Harris**

### **Presenter Bio: Briana Hatton, Psy.D.**

*Dr. Hatton was born and raised in the greater Green Bay, Wisconsin area. She completed her undergraduate degree in psychology at St. Norbert College in De Pere, Wisconsin. She lived in Chicago for 10 years where she completed her master's degree in Rehabilitation and Mental Health Counselling at Illinois Institute of Technology and her doctoral degree in clinical psychology at The Chicago School of Professional Psychology. She completed her doctoral internship at Southeast Human Service Center, a community mental health center, in Fargo, North Dakota. She and her fiancé moved to the suburbs of Indianapolis with their rescue dog in 2023 for her post-doctoral fellowship in clinical neuropsychology with IU Health's department of Neurology. She looks forward to returning to and serving her home community this fall when she will begin her Clinical Neuropsychology position with Prevea Health. In her free time, she enjoys reading books, playing board and card games, hiking with her fiancé and dog, and bird watching.*

**Briana Hatton**

*\*If a non-member Student seeking to attend, please either join IPA (free membership with "sponsorship" by an IPA Academic Member or, if outside the state of Indiana, please contact [info@indianapsychology.org](mailto:info@indianapsychology.org).*

*Registration will close on Thursday, July 24, 2025.*

August 1, 2025  
- November 30, -0001

**August 2025 IPA Webinar: Cannabis: Current Uses and Neurocognitive Considerations**  
**Live Webinar**  
12:00 PM - 01:00 PM EST  
IPA 2025 Webinar Series  
1.0 Hour of Category I CE credit  
Friday, August 1st, 2025 at Noon

*Registrants will receive further information for participating via Zoom Webinar for the presentation.*

#### *Cannabis: Current Uses and Neurocognitive Considerations*

*This presentation will review current cannabis practices, including recreational and clinical uses, and provide a historical and cultural lens to contextualize current trends. The presentation will review current literature discussing the potential positive versus harmful outcomes, with a focus on neurocognitive effects. A case example will be used to illustrate neuropsychological findings in a person with chronic excessive cannabis use. Finally, we will include some resources to help practitioners feel equipped to engage in a balanced dialogue with patients about cannabis use.*

#### *Learning Objectives*

*By completing this program, participants will be able to:*

- 1. Describe the historical and cultural context of cannabis use, including discrimination against minority populations living in the US.*
- 2. Summarize the current literature on clinical uses of cannabis and potential harmful effects.*
- 3. Apply the literature on neurocognitive effects to a case example.*
- 4. Engage more comfortably in a productive, balanced conversation with patients about cannabis use.*

#### *Presenter Bio: Shannon Harris, PsyD, HSPP*

*Dr. Shannon Harris is a native Hoosier; she completed her undergraduate work in psychology at Butler University and went on to receive her PsyD from the University of Indianapolis. She left the Hoosier state for one year to complete her pre-doctoral internship with a neuropsychology emphasis at the North Texas VA in Dallas, TX, and then returned home to finish her post-doctoral fellowship in adult clinical neuropsychology at the IU School of Medicine. She now works as a clinical neuropsychologist in the department of neurology at IU, where she sees and conducts outpatient dementia evaluations and pre-surgical evaluations for movement disorders and epilepsy. When she is not working, she enjoys spending time exploring Indianapolis restaurants and parks with her husband and dog.*

*Shannon Harris*

#### *Presenter Bio: Rebecca Kominsky, PhD*

*Dr. Kominsky was born and raised in Baltimore, MD. She completed her undergraduate studies in psychology and neuroscience at the University of Maryland. She earned her doctorate in clinical psychology with health emphasis from Ferkauf School of Psychology at Yeshiva University and completed her clinical psychology internship at the Bronx VA in the neuropsychology track. She moved to Indianapolis for her clinical neuropsychology fellowship at Indiana University School of Medicine. Dr. Kominsky looks forward to working at the Indiana Neuropsychology Group as an adult neuropsychologist upon completion of fellowship. In her free time, she enjoys drinking tea, hiking, and spending time with her husband and daughter.*

*Rebecca Kominsky*

*Special Note to Conference Attendees*

*The Indiana Psychological Association (IPA) is approved by the American Psychological*

*Association to sponsor continuing education for psychologists. The Indiana Psychological Association maintains responsibility for this program and its content.*

*Indiana State Psychology Board and Indiana Behavioral Health Board:*

*IPA is an approved provider of Category I continuing education for psychologists.*

*IPA is an approved provider of Category I continuing education for LSW, LCSW, LMFT, LMHC, LMFTA, LCAC and LAC.*

August 8, 2025  
- November 30, -0001

**August 2025 IPA Webinar: The Diverse Nature of Hispanic & Latine Culture**  
**Live Webinar**

12:00 PM - 01:00 PM EST

IPA 2025 Webinar Series

1.0 Hour of Category I CE credit

Friday, August 8, 2025 at Noon

*Registrants will receive further information for participating via Zoom Webinar for the presentation.*

*The Diverse Nature of Hispanic & Latine Culture*

*Hispanic and Latino families are rapidly growing in Indiana. According to the U.S. Census Bureau, the Hispanic/Latino population in Indiana almost doubled between 2000 and 2010. And increased another 40% by 2020, yielding about 8.2% of the state's total population. A brief overview into Hispanic/Latine culture as well as misconceptions & barriers faced in modern society will be addressed. We will also discuss implications for medical and mental health professionals.*

*Learning Objectives*

*By completing this program, participants will be able to:*

- 1. Describe the differences between the terms Hispanic, Latino/a, and Latine.*
- 2. Identify misconceptions across Hispanic and Latine cultures.*
- 3. Describe psychological and health factors predominantly present in the Hispanic/Latine community.*
- 4. Summarize culture-specific values that improve provider-patient relationships.*

*Presenter Bio: Roselia Juan, Ph.D., HSPP*

*Dr. Roselia (Rose) Juan is a dually licensed psychologist in the states of Indiana and Texas. She is adjunct faculty member in the department of Psychology & Wellness at Easterseals Rehabilitation Center (ESRC) providing supplemental supervision and consultation to clinical psychology interns on hispanic/latine families. Dr. Juan has received training in child and adolescent populations and is passionate about working with families who are experiencing stress and uncertainty. She currently resides in the The Woodlands, Texas, where she also provides clinical services in private practice.*

*Dr. Rose Juan*

*Special Note to Conference Attendees*
