Paul LaRue was dedicated to promoting the sport of archery. Every year we celebrate his life by hosting a tournament in his honor. All proceeds from the tournament and concessions are donated directly to a charity.

This year we are teaming up with The Pink Arrow Project. This is a charity run by an amazing young lady who is working with Pro Archer Jesse Broadwater to raise money for cancer research. Each year they select a charity dedicated to finding a cure for cancer. All monies donated go directly to funding research, not paying overhead.

We will be having our annual tournament on October 3rd, 2020. It will be a 1-Day Safari style tournament & raffle. The club donates all monies received directly to the charity, we do not deduct anything for our cost to put on the tournament.

On Thursday Nights we offer an introduction to archery class. Designed especially for the new archer, this is the perfect way to experience archery. You are guided through the fun of picking up a bow for the first time (or in a long time) and leave with the confidence of having a well-rounded introduction. All equipment is included, or you may bring your own. The 90 minute session is broken into two parts and it starts with a class that covers safety and equipment, range etiquette, and the fundamentals of how to shoot. After the class, we get participants out to the practice range to start shooting. The class is only required the first time you attend our program so when you come back you get the full 90 minutes to shoot. For more information go to the program page on our website.
