## **Respiratory Muscle Strength Training Advanced Clinical Workshop**

**University of Kansas Health**

**4000 Cambridge St**

**Kansas City, KS 66160**

7:45 AM - 5:30 PM

Gail Wiley,

operations@emst150.com

*This premier presentation will cover the basic principles and clinical utility of Respiratory Muscle Strength Training (RMST). It will include information on its theoretical underpinnings, report on past and current outcome data, and present treatment approaches for various patient groups using both inspiratory and expiratory muscle strength training devices. Dr. Sapienza brings pragmatic information that is both informative and interesting to clinicians worldwide.*

*Learning Outcomes*

*Participants will:*

- *Identify key anatomical and physiologic components of respiration, swallow and cough*
- *Understand effectiveness of RMST for patient care*
- *Demonstrate the ability to assess key measures of respiratory strength and relate these to RMST protocols*
- *Demonstrate knowledge of devices for RMST and advantages/disadvantages with various patient groups*
- *Demonstrate ability to plan and implement RMST protocols*
- *Demonstrate ability to assess RMST outcomes in terms of respiratory muscle strength, swallow and cough*

*Additional Course Information:*

- *Continental Breakfast and Refreshments will be provided.*
- *EMST150 device will be provided to each course participant courtesy of Aspire Products.*

*University of Kansas Health*

*4000 Cambridge St*

*Kansas City, KS 66160*

*Sat. September 22, 2018*

*7:45 AM – 5:30 PM*

*Dr. Christine Sapienza is currently Dean of the Brooks Rehabilitation College of Healthcare Sciences at Jacksonville University. She is internationally recognized for her large-scale, randomized trials examining treatment efficacies for a variety of patient populations via grants through the NIH, MJ Fox Foundation and VA Rehabilitation Research Awards.*

*Her extensive research appears in peer-reviewed journals, textbooks and clinical manuals. Dr. Sapienza is also actively involved in patient support groups, nonprofit organizations and has been the recipient of the Brooks Rehabilitation Research Award. This course is offered for 0.75 ASHA CEUs. (Intermediate level; Professional area)*

October 4, 2018  
- October 6, 2018

October 12, 2018  
- October 14, 2018

**PROMPT is holding an Introduction workshop**

**Holiday Inn Country Club Plaza**

**One E 45th St**

**Kansas City, MO 64111**

9:00 - 4:30 PM

Brianne Janes,

brianne@promptinstitute.com

*This registration is non-refundable. Only licensed Speech-Language Pathologists are eligible to take this workshop.*

*This program is offered for 1.8 ASHA CEUs (Introductory Level, Professional Area).*

*This workshop focuses on technique and learning the four levels (Parameter, Syllable, Complex and Surface) of prompting that support the broader, holistic philosophy and approach of PROMPT. This presentation will focus exclusively on the PROMPT method and will not include information on other similar or related speech therapy methodology.*

*Instructor Disclosure: Amy Clark is an independent contractor and is compensated by the PROMPT Institute for this role. She has no relevant nonfinancial relationships to disclose.*

*No financial or in-kind support was given by other organizations to pay for all or part of the cost of this project.*

*All workshops run from 9:00 AM to 4:30 PM each day, unless otherwise noted on the workshop listing. [Click here for a detailed workshop schedule.](#)*

*Please note some workshop prices reflect a \$50 "early-bird" discount. Workshop prices are subject to change at any time and many workshops fill quickly, so attendees should register as early as possible.*

*All payment is in U.S. Dollars. All coupons must be used when completing the registration process on our website. We will not issue refund checks to those who do not use the coupons at time of registration.*

*You must attend all three days in order to complete the workshop, partial credit is not issued. Missing any component of the workshop will require you to re-pay and attend an entire workshop again.*

*The price of this Workshop is \$850. USD. Be one of the first to register and save \$50*

**Learn it Today, Use it Tomorrow! Practical, Cutting Edge Interventions for Improving Executive**

**Ball Conference Center**

**21350 W. 153rd St.**

**Olathe, KS 66061**

8:00 - 4:30

Emily Tritz, (913) 689-8272

Emily@kc-dt.com

*This is a practical strategies seminar: 5% theory and 95% strategies to add to your treatment*

*tool box. First you will learn how to clearly define what the executive function skills are for*

*the purpose of determining the most effective treatment interventions. You will learn dozens*

*of functional, ready-to-use strategies for teaching students how to develop the executive function skills. Teach students to develop a “memory for the future”, to devise plans to achieve*

*their goal, to use self talk, to self-initiate, to transition to the next task of higher priority and to*

*control their impulses and emotions to successfully complete a task. Improve a student’s*

*awareness skills so that he/she can “read a room” then “stop, think and create” an appropriate action plan and infer possible outcomes. Teach students to see and sense the*

*passage of time, accurately estimate how long tasks will take, change or maintain their pace,*

*and carry out routines and tasks within allotted time frames. Learn methods to improve a*

*student’s ability to cognitively shift and to be flexible in processing and accessing information.*

*Learn how to use the Get Ready\*Do\*Done Model to turn the core curriculum and lesson/treatment plans into powerful tools to teach students executive control skills.*

*Fresh*

*approaches to help students develop automaticity for class routines and transitions.*

January 30, 2019

**KSHA Legislative Day**

**Kansas State Capitol Visitor Center**

**SW 8th & SW Van Buren**
