Paul LaRue Memorial Tournament

Skookum Archers Club & Range

11209 Shaw Road E

Puyallup, WA 98374

07:30 AM - 03:00 PM PST

Steve Allen, 253-446-6226

tournaments@skookumarchers.com

Paul LaRue was dedicated to promoting the sport of archery. Every year we celebrate his life by hosting a tournament in his honor. All proceeds from the tournament and concessions are donated directly to The Pink Arrow Project. This is a charity run by an amazing young lady who is working with Pro Archer Jesse Broadwater to raise money for cancer research. Each year they select a charity dedicated to finding a cure for cancer. All monies donated go directly to funding research, not paying overhead.

We will be having our annual tournament on Sunday October 4th, 2020. It will be a 1-Day Safari style tournament. We will have snacks & drinks available and all proceeds from the tournament & concessions will be donated directly to fund cancer research.

As we have done for other tournaments this year, you must pre-register online for your time-slot this tournament. We are trying something a little different with this shoot because it is for charity, each time-slot will be offered as a block for \$50. You can have up to 5 shooters in your group for that price. Hopefully, this will minimize the confusion of trying to get your whole group on the same time slot. You don't need to know who you are shooting with when you sign-up but there will be a spot to add their names if you'd like.

If you have any questions please email us at skookumarchers@gmail.com.

You are guided through the fun of picking up a bow for the first time (or in a long time) and leave with the confidence of having a well-rounded introduction. All equipment is included, or you may bring your own. The 90 minute session is broken into two parts and it starts with a class that covers safety and equipment, range etiquette, and the fundamentals of how to shoot. After the class, we get participants out to the practice range to start shooting. The class is only required the first time you attend our program so when you come back you get the full 90 minutes to shoot. For more information go to the program page on our website.
