Arriaga

*Strong organizations are powered by shared vision, active engagement, and purposeful action. At AGC New Mexico, our strategic plan is more than a roadmap, it's a commitment to advancing our mission as the unified voice and trusted professional source for the construction industry.*

*This year's Membership Retreat is designed to build on the momentum of our three-year strategic plan, now nearing the end of its first year. It will be an energizing opportunity for industry networking, interactive discussions, and meaningful engagement, all centered on the progress and future direction of AGC's work on behalf of its members.*

*As we reflect on Year One, this retreat offers a significant opportunity to:*

*Hear a strategic report-out on accomplishments and milestones to date*

*Participate in candid discussions about what drives member value, effective advocacy, and collective success*

*Shape the direction forward, ensuring our strategies remain member-driven, grounded in real-world needs, and aligned with our long-term mission to be the unified voice of New Mexico's commercial construction industry*

*We invite you to participate in the conversation that will influence not only the next steps of our strategic plan but also the evolution of AGC NM's impact across our industry and community.*

*Families are welcome and encouraged! Bring your loved ones to enjoy the fall mountain setting, with opportunities for relaxation, exploration, and group excursions in Taos. Strong organizations are powered by shared vision, active engagement, and purposeful action. At AGC New Mexico, our strategic plan is more than a roadmap, it's a commitment to advancing our mission as the unified voice and trusted professional source for the construction industry.*
