Industrial Pretreatment Committee Webinar

IWEA

12:00 PM - 01:00 PM CST

Electronic Pretreatment Annual Reporting Live Demo and Q&A

Wednesday, January 21, 2026

Noon - 1 p.m.

Zoom webinar

Join us for a live demonstration and walkthrough of the Electronic Annual Pretreatment Program Report (PPR) components within USEPA's NeT-PPR database. Bring your questions – we will address as many as possible during the event.

Speaker: Lisa Lucht, PE - Village of Bensenville, IL Pretreatment Coordinator
Lisa Lucht has worked as the Pretreatment Coordinator for the Village of Bensenville since 2022. Prior to joining the municipal world, Lisa worked as a consulting engineer in the Chicago area for 18 years. She received her B.S. in Civil Engineering from Bradley University, is a registered professional engineer in Illinois, and is licensed as a Class 3 wastewater operator. Lisa has specialized in the day-to-day management of industrial pretreatment programs for the past 14 years and truly loves her job. Outside of work, Lisa can be found listening to an audiobook, driving around her two teenagers, and snuggling her three recently adopted kittens.

Have a question for Lisa? Please use the form below to submit your questions about using the USEPA electronic annual pretreatment reporting tool (NeT-PPR). We will tailor the demonstration to your questions and answer as many as possible during the webinar. This form will close on Thursday, January 15, 2026.
