April 13, 2024

2024 Kentucky Psychology Student Conference

Kentucky State University

See websites for details

Registration is NOW OPEN for the revamped

2024 Kentucky Psychology Student Conference!

Join us on Saturday, April 13th at Kentucky State University!

The Kentucky Psychology Student Conference provides a fun, exciting, and unique opportunity for graduate and undergraduate psychology students across Kentucky to: Present their research in juried competitions.

Network with faculty from Universities across Kentucky with diverse areas of focus.

Participate in workshops that help them develop practical skills they can use on their academic and professional journeys.

Connect, socialize, and network with fellow Kentucky psychology students.

We can't wait to see you there!

Poster Competition & Presentations

The Kentucky Psychology Student Conference planning committee hopes to support a collaborative research exchange among all psychologists in the state. We look forward to graduate and undergraduate students across all areas of psychology presenting their research to their colleagues, professors, and our clinical and applied psychology community . We encourage poster submissions representing a broad range of psychological inquiries. Any area of psychology is welcome! The deadline to enter the poster competition is Friday, March 29th, 2024 - enter today!

***All poster presenters will receive constructive feedback on their research from KPSC attendees. Poster participants that want to compete for the cash prizes must opt-in to the competition when registering.*

Early Bird Registration Deadline - Biennial Conference on Chemical Education at UK

See website for details

Registration for the Biennial Conference on Chemical Education at the University of Kentucky is now open at <https://bcce.divched.org/>

June 24, 2024

- June 26, 2024

**The ABC's of Water Quality - free Professional Development for elementary teachers
Thomas More University Biological Field Station**

See website for details

Shane Campbell,
campbes@thomasmore.edu.

The Thomas More University Biology Field Station is hosting this event. This opportunity is geared towards elementary grade teachers and is designed to empower them to teach hands-on science to their students. Teachers will experience engaging STEM workshop sessions and produce usable materials for the classroom. Complimentary breakfast and lunch will be provided each day. Registration is open online and potential participants can direct any questions to Shane Campbell at campbes@thomasmore.edu.

July 28, 2024

- August 1, 2024

Biennial Conference on Chemical Education at UK

See websites for details

The Biennial Conference on Chemical Education will be held on the campus of the University of Kentucky on July 28-August 1. Teachers at all levels are encouraged to attend. Abstracts are now being accepted for oral and poster sessions (information at <https://bcce.divched.org/>). We strongly encourage K-12 teachers to submit an abstract so that we have a robust program for teachers at all levels. This conference includes talks on a variety of topics including classroom practices (i.e. sharing things you've done), chemical education research presentation, and workshops to learn new things.

To make it easier for K-12 teachers to attend when PD funds are limited, we have a reduced registration cost of \$100 for all K-12 teachers. More information about registration is available at <https://bcce.divched.org/node/16>
