### **MABA Webinar: Accounting for Impact: Future-Proofing Biosolids Programs Through GHG In**

12:00 PM - 01:00 PM EST

*Join the Mid-Atlantic Biosolids Association for a webinar that will demystify greenhouse gas (GHG) accounting and inventory management in wastewater, with an emphasis on solids treatment and biosolids handling. As our industry faces increasing pressure to quantify and reduce carbon footprints, this session offers a general roadmap—from mastering the basic principles of emission types to navigating the unique challenges of inventory maintenance, and highlighting the best state of practice in measurement informed inventories. Attendees will gain a perspective on the "greenlighting" process through a candid case study from DC Water's Blue Plains AWWTP, detailing their specific drivers, goals, and the day-to-day realities of managing GHG data. Whether you are an operator, utility leader, or consultant, this webinar will provide the technical solutions and forward-looking trends necessary to steer your organization toward a sustainable, climate-ready future.*

**COST:**

*Member: \$25*

*Nonmember: \$50*

*Moderator: Christian Chiodo, PE, Brown and Caldwell*

*Presentation 1: Using GHG Accounting to Drive Sustainability at WRRFs  
Water resource recovery facilities are significant contributors to municipal greenhouse gas emissions, yet many utilities lack the tools or frameworks to quantify and act on their emissions profile. This session will walk through GHG accounting fundamentals including scopes, emission sources, and the data hierarchy from indicator-based estimates to direct measurement, with a focus on fugitive methane and nitrous oxide from both the liquid and solids treatment trains. A particular emphasis will be placed on biosolids management as a major driver of facility-level GHG emissions, covering anaerobic digestion, thermal treatment, and end-use pathways including landfilling, land application, and composting. The session will also cover attribution versus project-based accounting, the state of measurement-informed inventories and current WRF research advancing the field, and practical pathways for utilities of any size to get started, including available tools, protocols, and funding opportunities.*

*Speaker: Steve Lobo PE, ENV SP; Environmental Engineer; Brown and Caldwell*

*Presentation 2: DC Waters Carbon Inventory*

*DC Water maintains an authority wide carbon inventory, this presentation will go into the origin of the inventory, some of the core process emission categories in the waste system and the trends observed as processes change and grow within Blue Plains Wastewater Treatment Plant.*

*Speaker: James Fotouhi, Program Manager - Biosolids, DC Water and Sewer Authority*

May 11, 2026  
- May 15, 2026

**NJWEA 111th John J. (Jack) Lagrosa Annual Conference and Exposition**

**Harrah's Resort**

08:15 AM - 11:00 AM EST

Robert DeBlock,  
rdeblock@njwea.org

*The NJWEA is pleased to announce the 111th John J. (Jack) Lagrosa Annual Conference and Exposition, will be held on May 11th - 15th, 2026 at Harrah's Atlantic City, New Jersey.*

*Conference Registration is Open!*

*Download the full Program and PDF Registration forms Here*

*Register Online Now*

*Conference Room Block*

*Please note the only authorized room block is directly with Harrah's Resort Atlantic City.*

*They WILL NOT contact ANY exhibitor unsolicited via phone or email. If you receive a call from any other company, please disregard.*

*The link for the online room block is below.*

*<https://book.passkey.com/gt/220942311?gtid=5c8ce5fae33166070b640be6749c2436>*

*You can also call Harrah's Direct at 888-516-2215 (8am – 2am) EST, 7 days/week and use the group "NJWEA 2026"*

*Exhibit Registration is Open for the NJWEA 111th John J. Lagrosa Conference*

*The NJWEA is pleased to announce the 111th John J. (Jack) Lagrosa Annual Conference and Exposition, will be held on May 11th - 15th, 2026 at Harrah's Atlantic City, New Jersey.*

*Returning Exhibitors please contact Robert De Block at RDeBlock@NJWEA.org to book or release your previous space.*

*Visit the Conference Management Page to view the Call for Exhibitors and floor plan.*

June 8, 2026  
- June 10, 2026

**Midwest Biosolids Association 3rd Annual Conference**  
**Harley Davidson Museum**  
**400 W. Canal St.**  
**Milwaukee, WI 53203**  
05:00 PM - 05:00 PM CST  
John W. Norton, Jr.,  
john.norton@glwater.org

*3rd Annual Conference*  
*June 8 -10, 2026*

*The 2026 Midwest Biosolids Association (MBA) conference and exhibit is a comprehensive forum to learn about the management of biosolids and residuals. This year's conference will be held at the Harley Davidson Museum in Milwaukee, Wisconsin*

*Each Public Agency Member must purchase one full registration (which includes Monday Reception/Movie and Tuesday Sessions in order to be able to purchase additional tickets for additional staff. Early bird pricing (through May 16) is \$250/full registration with each additional staff registered at \$100/person (use code UTILITY100). After May 16 price for full registration is \$275 and \$125 for each additional staff.*

*Events include:*

*Reception at the Harley Davidson Museum - Monday, June 8 (5:00 - 8:00 PM). Free access to the museum prior to reception and movie "Unless Something Goes Terribly Wrong" is a buddy comedy about poop and the thankless pursuit of making a better world. Movie Website (included with registration/ticket required)*

*Technical Presentations, Networking, Refreshments, and Lunch - Tuesday, June 9, 2026 (8:00 AM - 5:00 PM)*

*Milwaukee Metropolitan Sewerage District (No charge/Ticket required) - Wednesday, June 10 (8:30 - 11:30 AM AM)*

*Hotel Room Block Option Links - (Cut-off Date is May 18, 2026)*

*Potawatomi Casino Hotel (\$140 + Tax)*

*Hilton Milwaukee Hotel (\$199 + Tax)*

*The Marc Hotel (Host Hotel) (\$140 + Tax)*

*Click [HERE](#) for the agenda*

*Click [HERE](#) to register online*

*Students interested in receiving a free registration need to provide your contact information, degree program/area of study, and reasons for wanting to attend the conference using the student registration form.*

*Call for Sponsors*

*We are also delighted to open corporate and association sponsorship opportunities. Please see the flyer link below for more information. Thank you very much for your support of the Midwest Biosolids Association!*

July 14, 2026  
- July 16, 2026

**2026 MABA Summer Symposium**  
06:00 PM - 05:00 PM EST
