- February 6, 2026

Water and Wastewater Fundamentals School

Delta Marriott Northglenn

10 East 120th Ave

Northglenn, CO 80233

08:00 AM - 05:00 PM MST

Bob Dabkowski, 970.690.9299

bob@process-opt.com

The Water and Wastewater Fundamentals School is a basic, comprehensive overview for water and wastewater operators. The goal of the Fundamentals School is to provide education for operators, so they possess a better understanding of the water and wastewater fields. The courses are designed to furnish water professionals with basic concepts of how treatment processes work and the requirements of government regulations. It is designed to benefit those seeking Class "C," "D," "T," and "S" certifications.

Event Summary:

RMWEA Fundamental School

Start Date: February 2, 2026

End Date: February 6, 2026

Hotel(s) offering your special group rate:

Delta Hotels Denver Thornton for 119.00 USD per night

Book your group rate for RMWEA Fundamental School

February 5, 2026

IWT Annual Seminar
CSU Spur Campus - Hydro Building
4777 National Western Dr
Denver, CO

08:00 AM - 04:00 PM MST

Carolyn Coffey, Anna Scopp, 303-256-4095

iwt@rmwea.org

The Innovative Water Technology Committee is pleased to invite you to our biggest event of the year – the Annual Innovation Seminar! This in-person gathering will take place on Thursday, February 5th, 2025, at the CSU Spur Campus in Denver, CO.

This year's event will center on the cutting edge of resource recovery, bringing together the brightest minds and passionate professionals from across the water sector – including utilities, regulators, consultants, operators, engineers, lab experts, academics, and more - to collaborate and discuss our industry's most pressing challenges. We are also thrilled to announce that this year's keynote speaker will be local biosolids expert, Becky Luna.

Registration includes:

A light breakfast and delicious lunch will be served to keep us energized.

Several networking breaks and a happy hour.

Seminar sessions on resource recovery, biogas reuse, emerging contaminants, and updates on state-of-the-art local research.

An exclusive tour opportunity is available onsite.

TUs are offered for attendance at the full event.

Agenda:

8:00 - 8:30 AM Coffee & Sign in

8:30 - 10:00 AM Welcome & Keynote from Becky Luna

10:00 - 11:00 AM Biogas Enrichment and Beneficial Reuse

11:00 - 11:30 AM Special Session with NREL

11:30 - 1:30 Lunch & an Exclusive Onsite Tour Opportunity

1:30 - 2:45 PM Utility Experiences in Resource Recovery

2:45 - 4:00 PM Challenges in Biosolids Management

4:00 - 4:30 PM Shark Tank Update & Closing Remarks

4:30 - 6:00 PM Happy Hour

Fees:

Member \$200

Nonmember \$230

Steering Board Member \$150

Speaker \$50

First Ten Students - FREE

The seminar will be held in the Hydro Building at CSU Spur Campus (4777 National Western Drive, Denver, CO 80216). There is free parking! A light breakfast will be available, along with coffee throughout the day. Lunch will be provided. An IWT-sponsored happy hour will follow the seminar in the Hydro Building atrium.

Come find out why people from all across North America attend this renowned school!

April 15, 2026

Collections Conference (1-Day Event)
City Park Recreation Center Community Room (Westminster)
10455 Sheridan Boulevard
Westminster, Co 80020

08:30 AM - 03:30 PM MST
Andrea Long, 7208594346
along@auroragov.org

RMWEA Collections Conference: Condition Assessment, Maintenance, Design, Construction, and Asset Management of sewer pipelines, lift stations and force mains. Join us and receive training units (TU's!) for the 1-Day Sewer Collections Conference, a comprehensive event bringing together sewer industry professionals to explore the latest advancements in the design, construction, maintenance, and operation of sewer collection systems. This dynamic conference will feature engaging keynote speakers, interactive panel discussions, and vendor exhibits showcasing innovative technologies and solutions. Whether you're an operator, engineer, contractor, or facility owner, this event provides an excellent opportunity to network, exchange ideas, and gain valuable insights into best practices and emerging trends in sewer collections. Don't miss this chance to elevate your expertise and stay at the forefront of industry innovation!
